

# Microwave Safe PRODUCT CATALOGS Containers

For you, they're easy to assemble.  
For your customer, they're easy to carry  
and easy to buy!

## Food-friendly Container

TAKE-OUT is the answer to what today's busy consumers demand. Keep customers coming back by a high-quality meal in a container that protects and preserves your food.

- **Stackable**

Stackable for performance in merchandising, prep and transport

- **Anti-fog Lid**

Lid remains clear, making it easier for consumer to view contents to make purchase decision

Rib walls add strength to the bases while protecting the food.

- **Two-Piece Construction**

Intuitive to separate lid from base for customer convenience.

- **Microwave safe**

Can tolerate a temperature range from 0°C to 110°C.

- **100% Recyclable**

easy sorting and recycling

- **Lid Vent Holes**

Steam is released through vents to minimize condensation and maintain product integrity making customers happy.

# Take out

**Eco-friendly  
Container**

After use and returned to nature

Biotransformation and Next-Gen Biodegradation technology provide a 100% environmentally friendly solution that safeguards reputational risks from uncontrolled disposal of branded plastic waste.

## Building Sustainability Into Our Packaging

Takeaway containers equate to around 3 million tonnes of packaging waste each year. As the coronavirus spread, recycling also took a nosedive. Sustainable packaging will become a priority again. <sup>1</sup>

### Choose Cycle+ Take-out box :

Fully biodegradable eco friendly food packaging products have the strength, safety and durability of conventional packaging. Cycle+ is certified to **BSI PAS 9017** compliance as a **Biodegradable** material and can also be **Recycled** and **Reused** like any other PP product.

- Patented Safety Lock**

Broken Seal Easily Visible.

- Secured Packaging**

Avoids Intentional Contamination.

- Leak-resistant**

Premium leak-resistant lids prevent spillage during transit.

## TAMPER EVIDENT HINGED PACKAGING
